EXPERIENCE

Assistant Product Designer

Capri Global Capital Ltd.

Oct 2024 — Present

PRODUCT DESIGN

- Designed web and mobile applications for **lending, collections, CRM, customer servicing, and internal operations**.
- Ran user research, stakeholder interviews, workflow analysis, and usability evaluations to improve customer and employee experiences.
- Built **scalable design systems** and reusable components in Figma — **cutting UI development effort by 30%**.
- Streamlined customer onboarding journeys, **reducing onboarding time from 12 to 7 minutes**.
- Designed CRM dashboards for Relationship Managers to monitor pipelines, lead performance, analytics, and operational insights.
- Created end-to-end mobile workflows for Technical Valuation — simplifying property inspection, verification, and report submission.
- Redesigned customer journeys across **Gold Loan, MSME, Consumer Loan, and PMAY**, plus responsive websites and CMS experiences.

MOTION & VISUAL COMMUNICATION

- Designed **posters, emailers, banners, and digital creatives for product launches and internal communication**.
- Produced AI-assisted product explainers, **training videos, and awareness campaigns** using After Effects and AI tooling.
- Created motion graphics, investor presentation videos, and product showcase films **that turn complex financial products into engaging stories**.

Education

B.Des — Fashion Design

2011–2015 · CGPA 6.5

National Institute of Fashion Technology
